CETAS VMP365 is an Add-on Solution designed for Microsoft Dynamics 365 Business Central to address the Growing Mid-Market enterprise concerns on the supplier adoption, Procure to Pay visibility and Vendor Collaborations.

Powered by CETAS CHAMP Framework, the tightly integrated solution enhances the capabilities of Microsoft Dynamics 365 Business Central by allowing the vendor to actively participate with an intuitive and dynamic portal while you speed up the process, reduce back office efforts, cut costs and improves accuracy of business transactions with vendors and build a more engaging business relationship.

Features of CETAS VMP365

As per the recent Report, 10% of a companies' operating revenue is spent on establishing Supplier & Procurement team relationship and managing the communications challenges. To accomplish this, many Mid-Market organizations are looking at a Collaboration self-service solution. CETAS VMP365 addresses this need by automating the vendor on-Boarding, providing real time visibility into Procure to Pay Process and enabling collaborations with vendors.

Some of its features are:

- o   Vendor On-boarding
- o   Purchase Requisition
- o   Automated RFQ & Quote Management
- o   Compare the Quote with Technical Parameters and Terms
- o   Mandate Attachments from Vendors
- o   Purchase Order Acknowledgement
- o   Purchase Order Sort close
- o   Advance Shipment Notice (ASN)
- o   Vendor Invoice through Portal against approved ASN
- o   Workflow Driven Approval & Notifications

- o Highly Secured 24/7 Self Service Portal for Collaborations
- o Dashboards & Reports
- o Vendor Evaluation
- o Seamless Integration with Dynamics 365 Business Central

Many of these functionalities are available to the Purchasing team within Dynamics 365 Business Central, apart from the self-service collaboration functionalities available to the Vendor via the portal.

What's New features now in VMP365?

- o Blanket Orders with Multiple delivery Schedule
- o Purchase Return Order
- o Vendor RFQ Response through Mail Parsing
- o Item Catalogue upload & Item Registration
