

# Sinto initializes advancement with Dynamics AX & its core functionalities

Sinto Bharat Manufacturing Pvt. Ltd is a part of SINTOKOGIO GROUP, Japan, a leading manufacturer of Automatic Mold Handling lines to suit a wide range of high-pressure molding machines and foundry equipment in the process material industry.

Industry: Equipment Manufacturing  
Size: 100-250 Employees

Location: Chennai, India

Sinto Bharat was rapidly outgrowing its accounting systems, and the lack of integration between its manufacturing and supply chain forced them to implement a global ERP solution that could seamlessly manage all aspects of its business as well as and provide insights in real-time.

Dynamics AX 2012 Implementation

Dynamics AX provides an unprecedented degree of flexibility and centralized financial and operations visibility with insights in real-time. This helped them to make informed decisions. Automated integration of supply chain with financials has helped Sinto Bharat achieve the automation and scalability it required for its growing business.
